Assembly Instructions

Biocidal Products Regulation EU 528/2012
Korasit® KS treated wood is a treated article that incorporated biocidal products: copper hydroxide carbonate, N,N-didecyl-N-methylpoly ammoniumpropionate. They protect wood against fungal decay, rot and insect attack. Keep away from food, drink and animal feeding stuffs. Avoid breathing dust when cutting treated wood.

Before assembly

- We recommend that time is taken to read the instructions before starting assembly, then follow the easy step by step guide. The instruction sheet is only a guide to the assembly. Certain items may not be shown to scale.
- Check all components prior to assembly
- This product should be assembled by no less than two people
